

TPL Bridge Practice

With a partner, pick a scenario that you might experience with the lost. Using role-play and taking turns, practice hearing about a life situation and building a bridge to help the other person experience the presence of God in either truth, power, or love.

Positive Scenarios:

- A wedding or birth of a child
- A new job or promotion
- The completion of a project
- A close, meaningful friendship
- A random experience of love
- A friend or family member's successes

Negative Scenarios:

- Challenging relationships in the home... with parents, spouse, kids, etc.
- Conflict with a friend or co-worker
- Medical or health challenges
- A lost job or sudden career change
- The passing of a friend or family member
- Cultural stressors or brokenness
- Accidents or natural disasters
