

# New Believer Plan

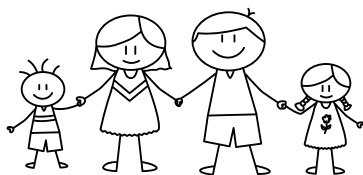

**Spiritual babies are a lot like human babies...**

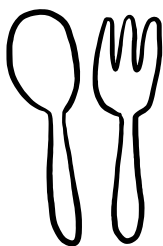

**They need help, now!** Look at your watch when planning next steps, not your calendar.

**They need love!** During your first follow-up visit, use the discovery (DBG) questions to discuss Matthew 22:36-39.

**They need family!** Decide who this believer's first spiritual family will be (until they form their own family).

**They need food!** Schedule a regular time to disciple them, beginning with [DMT Week 1](#), encouraging them to share what they are learning.

**They need check-ups!** Be ready to pray for healing and cleansing using the [Confession](#) or [Two-Hands](#) Tools.

*Don't deliver your baby alone.  
Your DMT facilitator is here to help!*
